COMMISSIONER FOR PATENTS

SIR:

In response to the Advisory Action dated February 19, 2008, please reconsider the application in view of the following amendments and remarks. Since in the Advisory Action mailed February 19, 2008, part of the argument made by the Examiner in item 11 was cut off (apparently due to a margin problem) Applicants requested the Examiner to transmit the full argument. Applicants received the full argument part on February 26, 2008. Applicants note that PAIR now reflects the full argument in one of the two versions of the Advisory Action of February 19, 2008.

**Amendments to the Claims** are reflected in the listing of claims which begins on page 2 of this paper.

The **Remarks** begin on page 8 of this paper.
